

## Breathe!

God has designed our walk with Him to be fill with joy! He has done it all! The blood has been shed; the price has been paid; His Holy Spirit has been released; and we can be free! The Word of God brings life. It should not take a long time. Joy comes. Peace comes. Happiness comes! His Word *always* works. Allow Him to set the agenda, the course, the timing, and the direction in your soul. Receive the Word, reject everything else! God designed your soul to prosper. Let's continue to keep our eyes upon Jesus and let Him do all that He wants to do through us! Look at Philippians 4:9,

*"The things which you learned and received and heard and saw in me, these do."*

That word *do* in Greek is PRASSO. It is speaking of what you do continually, or repeatedly, or habitually. We used to habitually practice sin. But now, because of Jesus, we habitually practice His will! Let it start fresh in you today by what you see and then by what you hear. Have eyes to see and ears to hear what the Spirit is saying to Gateway.

Yes, you can establish healthy boundaries. Yes, your soul will prosper. Instead of resisting God's blessing, cooperate with God's laws for the soul. Broken fences and gates, these voids in our life will be filled by God. Let God breathe on you! Again, and again, and again! Will He do it? Yes! God speaks to us in Ezekiel 37:5,

*"Thus says the Lord God to these bones: 'Surely I will cause breath to enter into you and you shall live'."*

When unbelief is exposed in our hearts, it is only an indicator of a greater reality -- being void of the breath of God! You cannot breathe into yourself! You cannot fill your own void! We try, but we cannot fill our own hearts! Nothing compares to Jesus! Once you have tasted of His goodness, once you have been in His presence, everything else becomes secondary. Once His breath touches you, your eyes are opened. You can see and take back control of your life. We will be stronger tomorrow than we are today. So expose and remove the unbelief that so easily comes to you and allow God to breathe life into you once again.
