

Living by God's Design!

There is a vision in God's heart to touch this city. As you write the vision as God has shown you and make it so plain that others can understand it and run with you, that places you in a special category. When you see and understand *God's* vision, it begins to be expressed through you, 2 Corinthians 5:20 states,

*"Now then, we are ambassadors for Christ, as though God were pleading **through** us; we implore you on Christ's behalf, be reconciled to God."*

How will God's vision for Tacoma be realized? As we allow His Holy Spirit to operate through us! Can He really use **us**? Oh, most definitely! The more connected we become to Jesus and to one another, the more we allow God's love to be attached to us, the more everlasting life from God will flow through you. God calls this the **first fruits**. Now remember, God's victory comes through the spirit and not the flesh. So many folks still identify with this natural life. But the mystery of God goes much deeper than your senses! What does verse 17 of Second Corinthians say?

"If any man be in Christ, he is a new creature. Old things have passed away. Behold, all things have become new."

Notice, the Word says "*all*" things. Today, recognize that all of your life is new in Christ Jesus. This opens a whole new realm of possibility to us. As we walk away from the old and replace it with the new life of God something supernatural occurs: God gives you a high-ranking, esteemed, celebrated, impressive, and influential job in His Kingdom! Talk about being a Witness! Now, you are so important to the Kingdom of God that all of Heaven is standing behind you, just waiting to back you up, defend you, provide for you, help and assist you, and join forces with your actions to build and release the Kingdom. Heaven is just waiting to act on your behalf. Why? Because He makes us into His ambassadors here on earth. For an ambassador to be effective, he must only speak the directives given to him from the Kingdom he represents.

In the days that we are living, don't allow the distractions of life to change your focus! Don't fall for the devil's lies. Don't move into survivor mode! There is no recession in Heaven! Stay involved with Heaven; receive your instructions from Heaven on a daily basis. And allow God to "*plead through you*" to others. We are His voice in the earth. His Witness, and also His Ambassador! Don't live just trying to get by or get through life. Live by God's design! Sow seeds of evangelism every day! "Here am I. Send me!" We represent His heart. That's what the Word declares! So today, let the fiery witness come out of you!
