

Star Witness!

You are the star witness that God is looking for! What an exciting thought. We don't have to remain separate any longer. There's a place that we can come and actually become *attached* to something bigger than ourselves. God has incorporated us into His great plan. You have first-hand experience with the saving power of Jesus Christ. That makes you a candidate for everything God has made available. God never intended the gifts of the Spirit to be a mystery reserved for only the super-spiritual. The gifts are merely the evidence of the Holy Spirit's working within us and they are to aid you in evangelism wherever you may go!

Have you received the Grace of God? Is Jesus Lord of your life? Have you yielded control of your life to Him? Have you received the Holy Spirit? Then there is a gift longing to come out of you! There are gifts available to you to help you in every circumstance of life! No, it is not just for the super-elect! It is for you! And the presence, the personality, and the power of the Holy Spirit will release His *evidence* in you wherever you are and wherever you may go! He will make you into an incredible witness! This resurrection life you received from God is not a timid, grave-tending life. It's adventurously expectant, greeting God with wonder every day!

Just remember, your relationship with someone who does not know Christ is far more significant than doing witnessing. Love them! Many people have no interest in Jesus Christ because they see no relevance for their lives. They have never heard of God's grace nor understood what Jesus has already done on their behalf. Won't you tell them? There was a time when you were stuck; you were incapable of responding to God. But when you heard of Jesus and how He forgave you of **all** sin, it affected your heart. In like manner, your star-witness testimony will affect other people's hearts. Be creative in your evangelism! The working power of God is so vast there is not just one way of doing anything! Every time Jesus ministered, He never did the same thing the same way for every person. And the gifts that flow out of you will be as distinct and unique as you are. Let God **empower** you so that you will rise above and win!
